The Internal Assessment Papers will cover 7 enquiry questions (EQs) for paper 1 and 7 for paper 2. This includes all of the Coasts and Water topic EQs for paper 1. For paper 2 questions will be derived from Globalisation EQ1, 2 & 3; Superpowers EQ2; and Health, Human Rights and Intervention EQs1, 2 & 4.

The breadth of the paper generally reflects the weighting of the Units in the official Edexcel syllabus and the proportion of marks awarded to different Assessment Objectives (AO) across the A-level. Where aspects of assessment in a unit have not been included in the Internal Assessments of 2021, ample evidence of that type has been gathered across the academic year of Year 13 and these will go towards the final centre assessed grades.

The A-Level Geography centre assessed grade will be made up of:

60%:

- Internal Assessments (139 marks in total as outlined above)
- The first two sections of the Non-Examined Assessment (22 marks)

40%:

- A range of marked assessments from across Year 13
