

Y7 - YOU'VE BEEN TRAPPED INSIDE HCCS

You are going to have to use your brain to crack codes, find words, solve riddles and answer questions.

ROOM 1: SPORTS HALL

You were helping Mr Mitchell tidy up the sports equipment after a PE lesson when you heard the door slam shut.

Solve the clues to find the hidden keypad code and open the door.

Once you have got the 7 digit code, write it on the **ANSWER SLIDE**

ROOM 2: THEATRE

On the next slide is a 1-100 grid showing the seats in the theatre.

Mrs Goulding needs your help in putting the seats down so that there are only 3 seats (numbers) left up (remaining).

You must follow the instructions carefully to find the correct 3 seats!!!

Once you have got these, write them on the **ANSWER SLIDE**

ROOM 3: MATHS BLOCK

Miss Eustis' whiteboard has been partly wiped clean after school.

It is missing 5 numbers and she can't work out which ones.

In order to escape you need to find the correct 5 numbers from the circle by writing them on the **ANSWER SLIDE**

ROOM 4: ENGLISH BLOCK

Someone has torn a page out of Miss Robinson's dictionary and she cannot work out the missing word.

On the following slide is a word search consisting of mathematical words.

The word which is NOT in the grid is also the word missing from the dictionary.

Can you help Miss Robinson to (not) find this word and write it on the **ANSWER**
SLIDE?

ROOM 5: FOOD TECH

Ms Davis has made some posters for the food tech rooms - but she has made some mistakes when copying them.

Can you spot the total number of differences?

Once you think you have them ALL write your answer on the **ANSWER SLIDE.**
